Amount earned by ISRO

1131. SHRI K. RAMA MOHANA RAO:
SHRI RAMA MUNI REDDYSIRIGIREDDY:

Will the PRIME MINISTER be pleased to state:

(a) the efforts Government are making to capture 10 percent share in the global market for launch vehicles and related services;

(b) the details of services being provided;

(c) the amount that has been earned by ISRO during 2004-05 with regard to launch vehicle and related services; and

(d) the details of countries which have evinced interest in using services on CARTOSAT?

THE MINISTER OF STATE IN THE PRIME MINISTER'S OFFICE (SHRI PRITHVIRAJ CHAVAN): (a) Indian launch vehicle programme is mainly intended to meet the domestic requirements. After meeting internal requirements residual capacity is made available for commercial launches for other countries. Considering the current market scenario and heavy competition, maximum of 5% of global market share can be targeted for launch vehciles and related services.

In terms of efforts for capturing the market, the Government set up Antrix Corporation Ltd., (Antrix) under the Department of Space, which has been marketing the launch services from India's Polar Satellite Launch Vehicle (PSLV) and Geo-synchronous Satellite Launch Vehicle (GSLV). Antrix has been in touch with the potential customers in different countires such as Canada, Germany, Belgium, Sweden, France, UK, Singapore, Indonesia, Italy, etc., to offer the launch services to the extent capacity is available after meeting national requirement for launches. In order to
